

Meet
our

Australian Rotary Health PHD Scholars

Australian Rotary Health provide research grants enabling applicants to obtain their doctorate via a PhD path over a three to four year period. Funding is a third from ARH, a third from our Club and a third from the institution where they are undertaking their research.

STEPHEN NGO (Cancer Research)

Currently doing third year research into gaining a better understanding of the role of certain cell action in leukemia. This research provides core data on which later cures can be based.

MICHELLE BENSTEAD (Youth Depression)

Currently working in the area of the impact of family conditions on children and covering areas of importance in relation to major social problems.

The presentations are very exciting in relation to our involvement, the wonderful side of young people and work of Rotary.

Date: Monday 13 May 2019
Time: 6.30pm for 7.00pm
Place: Amora Hotel Riverwalk
649 Bridge Road
Richmond 3121

BE THE INSPIRATION
